Subject: Post-Local Adoption Review of Proposed Regulation - Acceptance  
On-site Wastewater Treatment System Regulations  
Baca County

Dear Mr. Odette:

The Water Quality Control Division (Division) has received and reviewed the proposed revisions to the Baca County On-site Wastewater Treatment System Regulations (local regulation), adopted on April 11, 2017 and received by the Division on April 16, 2017. The Division's review of this document was conducted pursuant to section 43.4(A)(2)(a) of the On-site Wastewater Treatment System Regulation 5 CCR 1002-43 (Regulation 43).

The Division found no inconsistencies or conflicts in the proposed revisions to the local regulation with regard to the On-site Wastewater Treatment Systems Act (Act) Article 10 of Title 25, C.R.S. or Regulation 43. The Division has no objections to the local regulation on that basis.

Should the local board of health make any changes or revisions to the local regulations in the future, please send the revisions to the Division for review. Only after the Division has determined that the local board of health's revised regulations comply with the OWTS Act and Regulation 43 may the local board of health's revised regulations take effect and be published [Section 43.4(A)(3)(e)].

If you have any questions regarding the Division's review or findings, please contact me at (303) 692-2366 or [chuck.cousino@state.co.us](mailto:chuck.cousino@state.co.us).

Sincerely,

Charles J. Cousino, REHS  
On-site Wastewater Treatment System Coordinator
